文法重點：現在進行式 (am / is / are + V-ing)

Part 1 : Reading - Brawl Stars: Save the Game

① The Test

In 2017, Supercell was testing *Brawl Stars* in Canada. At first, many players tried the game. But after three or four days, a lot of them stopped coming back.

The team knew it had a big **problem**. If players did not stay, the game could not grow.

THE PROBLEM

Players try the game → play for a few days → stop coming back.

② Under Pressure

Supercell has a hard rule. If a new game cannot keep enough players, the company may **cancel** it.

That put a lot of **pressure** on the team. Some people wanted to make only small changes. But the team leader thought small changes were not enough. The game needed one big **change**.

③ A New System

The team began to **develop** a new control **system**.

They turned the phone to the side. On the wider screen, players could use both hands. The left hand moved the player. The right hand aimed and shot.

BEFORE	AFTER
Phone up	Phone on its side
One hand	Two hands
Many players left after a few days	More players stayed

BIG CHANGE

Keep the old system ❌

Develop a new two-hand system ✅

④ Would It Survive?

At first, many old players had strong **opinions**. Some said, "I do not like this new system. Give us the old game back!"

But new players kept playing longer. More people came back each day. The new system was working.

Brawl Stars **survived** the test. In December 2018, the game came out around the world. The team had changed a game that was close to being cancelled into a huge hit.

Part 4 : Pronunciation Lab - 看字敢念

先講規則：這區不背音標

今天不是背符號。目標是：看到字 → 找線索 → 自己先試著念。

Trick 1：尾音煞車

英文單字最後如果是 **t / k / p**，做到那個嘴型就停，不要自己多補「ㄗ」。

- develop → de-**VEL**-op
- 最後的 **p**：嘴唇合起來收住。
- 常見錯法：念成 de-VEL-op-「ㄗ」。

Trick 2：字尾 L 不要滑成「歐」

看到最後的 **l**，舌尖要碰到上排門牙後面的地方。

- cancel → **CAN**-cel
- 最後 **l** 舌尖要上去。
- 常見錯法：最後變成「歐」。

Trick 3：V 是「上牙碰下唇」

看到 **v**，上排牙齒輕碰下嘴唇，讓聲音震出來。

- survive → sur-**VIVE**
- 這個字有兩個 **v**，兩次都要做到。
- 常見錯法：把 **v** 偷換成 **w**。

Trick 4：TH 要真的用舌頭

看到 **th**，舌尖輕放在上下牙中間，再送氣。

- think：先做 **TH**，再接後面。
- this：嘴型差不多，但喉嚨有聲音。
- 常見錯法：直接換成 **s** 或 **d**。

重音：直接看大寫，不看奇怪符號

Word	好讀提示
develop	de- VEL -op

Word	好讀提示
pressure	PRES -sure
cancel	CAN -cel
opinion	o- PIN -ion
survive	sur- VIVE

大寫那段念得最清楚、最有力，其他段輕一點。

Unseen Pronunciation Challenge

老師先不要念。自己看字，先套剛剛的規則。

Word	先念一次	你主要用了哪一招？
bath	☐	尾音煞車 / L / TH / V
vest	☐	尾音煞車 / L / TH / V
cup	☐	尾音煞車 / L / TH / V
mail	☐	尾音煞車 / L / TH / V

這四個字不是本週新單字，不用背中文。它們只是在測：你能不能把剛學的發音方法用到沒練過的字。
